*No.* 89.—The following resolution of the Government of India is republished:—

HOME DEPARTMENT.

Public.

*Delhi, the 21st April* 1920.

The attention of the Government of India has been drawn to a rule laid down by the Colonial Office that an officer who has retired from the Colonial Service may not accept a directorate of a company the principal part of whose business is directly concerned with the Colony or Protectorate in which he has served, or a employment in the Colony or Protectorate under such a company, without obtaining the previous approval of the Governor; and they have had under consideration the question whether it is necessary to lay down some similar rule for retired officers of the Indian service.

2. After consultation with Local Governments and careful consideration of their views, the Government of India have come to the conclusion that, while it is not necessary at the present time to lay down a definite rule, it is desirable that retired Government servants, especially Gazetted officers, before accepting directorships, partnerships or agencies of, or employment by any company or firm or individual engaged in commercial business or associated with the management of land in India, should either obtain the consent of the Government of India, or if the company is managed in London, the consent of the Secretary of State. The Government of India believe that this procedure will conduce alike to the interests of the officers concerned and to those of the services generally, and are prepared to leave it to the good sense and loyalty of their officers to observe the procedure now suggested.

Candidates choosing to change their place of examination without previous permission, or appearing at any centre other than the one at which they ought to have appeared according to the notice published in the Gazette, must not expect to have their papers valued or their results published. In all cases where permission has been granted, the memorandum or letter permitting the change should be produced for the satisfaction of the Superintendents.

9. Candidates may have to write their answers on both sides of the paper supplied to them and they will receive the necessary instructions on this point in the examination hall from the Chief Superintendent of the examination.

The place of examination and the name and number should be written out clearly by the candidate on the top right hand side of the first page of the answer paper, as well as on the top of the paper after it is folded.

12. Candidates are forbidden to note down the answer to any question on the question paper itself; they will not be allowed to take any papers, except their question papers, out of the examination room.

(b) Those who have passed an examination accepted by the Syndicate of the Madras University as equivalent to above, or one of the examinations which are recognised by the General Medical Council of Great Britain as a sufficient test of preliminary education for the commencement of medical study.

(All first-year students of the University class must enter for the M.B. & B.S. degree.)

Owing to the limited accommodation at the Medical College preference in the selection of candidates will be given to those who have passed the B.A. Degree Examination in Science, then to those who have passed the Intermediate Examination of the Madras University in Group II or in Group I (those who passed in a Classical or Classical Oriental language being selected first). In the case of graduates in Arts a pass in classical language will not be required. But as the Madras University accepts at present an unconditional pass in the Intermediate Examination in Arts as sufficient qualification for the commencement of medical studies, those who have not passed in a classical language will also be admitted if vacancies permit, but such candidates will be seriously handicapped should they wish to proceed to Europe for further study and the degrees they may subsequently obtain will not be registrable outside India.

3. The curriculum for M.B. & B.S., L.M. & S. and for women entering the Apothecary department extends to five years.

4. Women candidates who have passed the Matriculation Examination of the Madras University, the European High School Examination or who have obtained the best Secondary School Leaving Certificate (with optionals other than shorthand and typewriting) are eligible for admission to the Apothecary department. This department is closed to male pupils to candidates.

5. The fee for each year in the M.B. or L.M. & S. is Rs. 125 (including the registration fee of Rs. 5) for males.

Women students pay only Rs. 5—the registration fee—each year, tuition being free for all classes. Dufferin stipendiaries are exempted from the registration fee.

6. Applications from intending candidates must be made to the Principal on forms, which can be obtained from the Senior Assistant, Medical College, *4th to 6th June* on sending a stamped and addressed envelope. The applications with the following documents (in original) attached thereto will be received by the Principal up to 15th June next :—

(1) Qualification certificate. In case of passing the recent University examinations, quote year, register number and group; (2) Conduct certificate; (3) Transfer (or leaving) certificate; (4) Vaccination certificate; (5) Permission from the superior officer (if in public service).

*N.B.*—In the case of applications for the M.B., a deposit fee of Rs. 10 should be paid by all male candidates into the nearest Government treasury to the credit of "Medical College Fees" and the treasury receipt sent with the application. "NO APPLICATION WILL BE REGISTERED UNLESS ACCOMPANIED BY THE TREASURY RECEIPT." The deposit fee will be allowed to count towards the college fees in the case of candidates who are selected. The deposit fee will be returned to candidates not selected but will be forfeited in the case of selected candidates who do not join.

7. Applications defective in any way, *or which are received after the 15th June*, will be rejected. No candidate will be admitted pending production of any of the required certificates.

8. The prescribed fee should be paid immediately after notice of selection has been received, into the nearest Government treasury to the credit of "Medical College Fees" and the treasury receipt sent to this office. The Principal will in no case receive the fees.

9. *Selection will be entirely on merit. Personal recommendations are quite useless on attention.* As priority of applications are not considered, no application need be sent pending succession at the University examinations. Intimation of selection may be expected by candidates in the third week of June.

10. If a selected candidate fails to join the Medical College on or before the 5th July 1920, his seat will be filled by another candidate.

11. Application forms and papers received from candidates who are not selected will be returned to them.

12. An annual subscription of Rs. 3 for the Medical College Athletic Club must be paid at the College office before joining the classes.

## NOTICE.

APPLICATIONS for the right of manufacture of salt in section III, block 7 (New extension) Adirampatnam factory, comprising an extent of 42 acres and 49 cents are invited from intending persons.

2. The pans have been laid out and are in full working order. The successful petitioner will have to work out the plot from January 1921.

3. Petitions for the working of the said section should be addressed to the Assistant Commissioner, Salt and Abkari Revenue, Negapatam subdivision, so as to reach him not later than 1st June 1920.

4. The chief conditions under which the said section will be assigned are as follows :—

(i) Licence for manufacture of salt under the Modified Excise system will be granted to the successful individual after he has accepted a lease. The prescribed form of lease and the licence can be seen at the office of the Assistant Commissioner, Negapatam subdivision, or of the Inspector, Adirampatnam Circle. The lease shall run for a term of 25 years, provided always that the lessor or lessee shall be at liberty to determine the lease on giving to the other of them notice in writing at the close of the salt manufacturing season. On the expiry of the lease or its sooner termination as provided above, or when the pans are rammed or the factory or demised land is converted into one for the manufacture of salt for general sale or for sale to Government, the lessee shall leave the demised premises in such order as is consistent with the due performance of the terms and conditions of the lease but shall not be entitled to any compensation for any expenditure that he may have incurred. The licence granted will be in force only during the continuance of the lease and the lessee shall duly observe the terms of such licence or any statutory modification thereof, which the Government of Madras may in their discretion make.

(ii) The licence and the lease shall contain the following special conditions :—

(a) The lessee shall adopt such methods of manufacture and shall lay out the reservoirs and condensers and pans on such lines as the Commissioner may from time to time direct and shall comply with such rules in respect of storage and sale of salt, as may be prescribed from time to time.

(b) No salt below the standard of purity fixed by the Commissioner should be manufactured and stored. The lessee shall sell to Government if so required the whole or any part of the salt so manufactured in the demised land in each year on receiving kadvaram at the rate prescribed for the Adirampatnam factory or at such rates as the Commissioner may prescribe

(c) The lessee shall bear the cost of all works incidental to laying out the reservoirs, condensers, pans, etc., already completed. Shall pay in cash a lumpsum on the 1st day of June in each year so much of the estimated charges in excess of 5 per cent of the duty collected on salt manufactured in the leased premises and removed therefrom in the previous official year, provided that manufacture in such previous year was for general sale. Further the lessee shall in years in which they manufacture salt for general sale maintain and repair at their own cost all the capital works that have been so prescribed as relating to the demised land, and shall pay in cash each year interest, at 5 per cent per mensem on all sums expended by the lessor on such works, amount being payable in four quarterly instalments beginning on the 1st April. If notice of termination of the lease be given by the lessee, he shall pay all sums due or falling due to the lessor up to the close of the official year in which such notice is given.

(d) Lessor may determine the lease in case of breach of lease conditions by the lessee, delay in payment of dues by the lessee and cancellation and forfeiture of the licence.

Subject to this condition and those set forth in the licence and the lease deed which will be read over to the successful applicant before the assignment of the said factory, he shall, as lessee, continue to enjoy the leased land undisturbed for the said term of 25 years.

The Standard Barometer and Thermometers are read at 8 a.m., 10 a.m., 4 p.m. and 6 p.m., and the daily means are obtained by the application of hourly corrections, deduced from twenty years' observations. The cistern of the barometer is twenty-two feet above the level of the sea, and the receiver of the rain-gauge is two feet from the ground. The wind, rain and general weather registered are for the current civil day—from midnight to midnight.

The total quantity of rain collected since 1st January is 6·72 inches, the average due for the same period being 2·32 inches.
